Seconded by Councillor	<u>Ron Dowling</u>

WHEREAS the Town of Stratford has a long-standing commitment to environmental sustainability, recognizing the importance of protecting our community for future generations; and

WHEREAS climate change poses a significant threat to our community, environment, and economy, with rising temperatures, extreme weather events, and environmental degradation being major concerns; and

WHEREAS the “Resilient Roots: Stratford Climate Action Plan” has been developed through a collaborative effort involving residents, organizations, government agencies and environmental experts; and

WHEREAS the Climate Action Plan outlines a comprehensive roadmap and a range of recommendation for the Town to adapt to the impacts of climate change - such as reducing greenhouse gas emissions, improving energy efficiency, enhancing community resilience to climate change, and promoting environmental equity all aiming to achieve long-term climate resilience.

BE IT RESOLVED that the Town of Stratford approve and adopt the Climate Action Plan as a guiding document for Stratford climate change efforts and proceed with the implementation of the Climate Action Plan.

This resolution bears the recommendation of the Sustainability Committee as discussed at a meeting held on February 7, 2024.
